Diversity – We see diversity as a strength and an asset. Fostering an environment of dignity and respect, our students will be prepared for a competitive world and our employees will represent the community that we serve.

Goals
• Close the achievement gap • Elevate achievement overall • Raise the graduation rate
Framework for Positive School Climate

Charleston County School District firmly believes positive school climates and consistent discipline policies and practices are critical to raising academic achievement and establishing safe learning environments. It is the responsibility of all school personnel, students, parents, external stakeholders and the greater community to ensure that the school environment encourages a climate conducive to learning. The CCSD Student Code of Conduct endorses the following guiding principles to assist school leaders and stakeholders:

1. Create positive climates and focus on prevention, through the use of multi-tiered systems of support (MTSS)
2. Develop clear, appropriate, and consistent expectations and consequences to address disruptive student behaviors; and
3. Ensure fairness, equity, and continuous improvement.

These guiding principles lay the foundation for creating safe, supportive, and engaging learning environments which ensure the highest level of academic, social, and emotional outcomes for all students. Effective evidenced-based practices include providing multiple tiers of academic/behavior/social-emotional instruction, interventions, and supports with positive and restorative approaches to student behavior. CCSD’s district framework includes establishing multi-tiered systems of support (MTSS) for academics and behavior. Each school should incorporate MTSS and Positive Behavior Interventions and Support (PBIS) to provide universal expectations and systems.

1. Tier One/Universal (School-wide): High quality academic and behavioral instruction designed to meet the needs of all students across all settings.
2. Tier Two/Secondary (Strategic): Targeted interventions and supports for groups of students who are not making adequate progress with Tier One/Universal supports alone.
3. Tier Three (Intensive): Intensive interventions and supports for individual students who are demonstrating considerable academic and/or behavioral needs.

Tiered instruction, intervention, and supports should take place school-wide, in classrooms, in small groups, and with individual students and families with collective ownership and continuous communication and collaboration. Strategic planning occurs at each individual school based on the needs of their students and should result in a positive school climate with a restorative philosophy.
PARENT RESOURCES

School Achievement Begins With Regular Attendance

Parents/guardians have the responsibility to ensure that all school-age children in their care are in school and on time every day.

Students have the responsibility to be on time and attend all classes.

Lawful Absences (Excused)
- Illness of the student
- Medical or dental appointment
- Court appearance or court ordered activity
- Death in the immediate family
- Observance of a religious holiday
- Activities approved by the administrative team
- Extenuating circumstances as determined by the principal

Unlawful Absences (Unexcused)
- Absence from school for any portion of the day without the knowledge of their parents/guardians
- Absence from school for any portion of the day without acceptable cause with the knowledge of their parents/guardians
- Absence from planned home-bound or home-based sessions

Note: Students are not considered absent when attending approved school field trips, arriving late due to bus problems, or assigned to an in-school suspension program.

Documentation of Absences
All absences require a written explanation from the parent/guardian within three (3) school days of return from the absence. Written explanation of absences must include the student's name, parent/guardian's full name, address and telephone number(s), dates of absence(s), and documentation of the reason for absence.

Absences in excess of ten days per year will not be considered excused with a parent/guardian note unless they are accompanied by official medical or legal documentation.

Tardiness
It is very important that students be on time at the beginning of the school day. Students are required to follow their school's tardy policy. Schools are required to admit students regardless of their arrival time. Students who arrive late are required to report to the appropriate administrative office before being admitted to any classroom or other school area to assure that the student is recorded as present.

Early Sign-Outs
Parents/guardians are strongly encouraged to ensure that children in their care are in school for the full day every day. Signing out of school early on an ongoing basis establishes a pattern of non-attendance and negatively impacts academic performance. Students with excessive early sign-outs will be addressed on a case-by-case basis by school administration.

All unlawful absences, tardies, and sign-outs will result in school-based and district level interventions.
South Carolina Compulsory Attendance Law

**South Carolina Code of Laws Section 59-65-10** (as amended) reads:
All parents or guardians shall cause their children or wards to attend regularly a public or private school — of this State — from the school year in which the child or ward is five years of age before September 1st until the child or ward attains his seventeenth birthday or graduates from high school. All children are required to attend a public or private kindergarten beginning at age five. If parents choose not to send their children to kindergarten, they must sign a waiver, which may be obtained at the local school.

**South Carolina Code of Laws of Section 59-65-20**
Any parent or guardian who neglects to enroll his child or ward or refuses to make such child or ward attend school shall, upon conviction, be fined not more than fifty dollars or be imprisoned not more than thirty days; each day's absence shall constitute a separate offense; provided, the court may in its discretion suspend the sentence of anyone convicted of the provisions of this article.

**South Carolina Code of Laws of Section 59-65-70**
If the court determines that the reported absence occurred without the knowledge, consent, or connivance of the responsible parent or guardian or that a bona fide attempt has been made to control and keep the child in school, the court may declare such a child to be delinquent and subject the provisions of the law in such cases.

**South Carolina Code of Laws of Section 16-17-510**
It is unlawful for a person to encourage, entice, or conspire to encourage or entice a child enrolled in any public or private elementary or secondary school of this State from attendance in the school or school program or transport or provide transportation in aid to encourage or entice a child from attendance in any public or private elementary or secondary school or school program. A person who violates the provisions of this section is guilty of a misdemeanor and, upon conviction, must be fined not more than one thousand dollars or imprisoned not more than two years, or both.

**Truancy: Three Levels**

**Truant:** A child, at least 6 but not yet 17 years old, who has accumulated three consecutive unlawful absences or a total of five unlawful absences

**Habitual Truant:** A child, at least 12 but not yet 17 years old, who (1) fails to comply with the intervention plan developed by the school, the child, and the parents or guardians, and (2) accumulates two or more additional unlawful absences

**Chronic Truant:** A child, at least 12 but not yet 17 years old, who (1) has been through the school intervention process; (2) has reached the level of a habitual truant and has been referred to family court and placed under an order to attend school; and (3) continues to accumulate unlawful absences

**Truancy Intervention Procedures**

1. The School Level Truancy Intervention Team must communicate positive attendance challenges to the parent/guardian beginning with the first unlawful absence. The school will notify the parent by telephone or mail.

2. When a student accumulates three (3) consecutive or a total of five (5) unlawful absences the principal or designee will complete a truancy investigation.
3. A conference is required with student and parent or guardian to develop a truancy intervention plan designed to improve student attendance and eliminate unlawful absences.

4. A written truancy intervention and attendance contract should be signed by all participants with a copy provided to the parent and student.

5. When a student accumulates seven (7) unlawful absences the school will update the truancy intervention plan, indicate why the plan was unsuccessful, and make amendments as needed.

6. If the student accumulates the 10th unlawful absence and after exhaustive interventions, the School Truancy Intervention Team will file a report with the CCSD Truancy Office/Family Court Liaison for higher level interventions and investigations.

7. In the event that unlawful absences continue following the district level conference, the case will be reviewed for additional interventions and/or further action. The case may be referred to the Department of Social Services, the Ninth Judicial Circuit Solicitor’s Office for participation in Family Court, or other interventions.

Note: Suspensions are not counted as unlawful for truancy purposes. A deadline will be imposed for the work to be made-up and the responsibility for getting and completing assignments will be on the student.

### Attendance Requirement for Promotion and/or Credit

All students previously enrolled in the District and those residing in the state who are entering for the first time shall be counted unlawfully absent for each day missed due to late enrollment.

All absences are defined as lawful or unlawful. Students having a lawful absence shall be permitted to make up work missed during the absence. Absences determined as unlawful will not entitle a student to make up work missed during the time of the absence. Principals may use discretion in permitting students to make up work.

### Appeal Process for Denial of Credit

Consistent with state regulations, parents/guardians have the right to appeal attendance violation decisions and/or to question the school records regarding attendance. The appeal should be made in writing to the school principal. The decision of the principal may be appealed to the Associate Superintendent. The decision of the Associate Superintendent may be appealed to the Constituent Board by written request for appeal within ten (10) days of receipt of the decision of the Associate Superintendent. The decision of the Constituent Board may be appealed to the CCSD Board of Trustees in writing within ten (10) days following the date of notification.
Bus Transportation

CCSD students are afforded the privilege of bus transportation to and from their home schools daily. Appropriate behavior by students is essential to maintaining safe transportation.

Parents or guardians are responsible for the safety, conduct, and the timely arrival of their children to and from school and or the designated school bus stop before the arrival of the school bus for pickup and transport to school and the timely departure of the children after the school bus leaves the designated school bus stop after transporting the children from school. For purposes of this section, the phrase “arrival of the school bus” includes the time that the school bus assigned to the school bus stop activates the required pedestrian safety devices, stops, and loads or unloads students until the school bus deactivates all pedestrian safety devices.

Students are expected to arrive at the bus stop 15 minutes prior to the assigned stop time to allow for traffic variances.

Students are expected to comply with behavior expectations outlined in the CCSD Student Code of Conduct while on all CCSD buses, at the bus stop, and after exiting the bus for regularly scheduled and school-sponsored events.

These include, but are not limited to:

- Wait at the assigned bus stop in a safe and orderly manner, respectful and aware of traffic.
- Board the bus in a single file line, once the bus has completely stopped, proceeding directly to an available or assigned seat.
- Follow the directions of all bus personnel, maintain an appropriate voice level, and be respectful of all people and property.
- Keep all hands, feet, and objects to yourself and out of windows.
- Remain seated until the bus has come to a complete stop.
- Exit only at the assigned bus stop. Any changes to this must be presented in writing by the parent or guardian in advance to school principal or designee for approval.

Consequences for Code of Conduct violations on the school bus will be addressed by the school principal or designee, following the CCSD Progressive Discipline Plan. These include, but are not limited to, parent contact, student conference, assigned seat, and/or bus suspension. Serious or continuous Code of Conduct violations on the bus may result in bus suspension for the remainder of the year.

Child Development and Kindergarten Students

Child Development and Kindergarten students must be accompanied by an adult at all times. They should never be left alone at the bus stop. Parents/guardians, or their designee, are responsible for the child, at the bus stop, until the bus arrives and after the bus drops off the student.

If no adult is present at the bus stop to receive the (CD and K) students, they will be returned to the school for parent pick up.
How to Differentiate Between Bullying and Other Peer Conflicts and Teasing

**What is Bullying?** Bullying is defined as a deliberate, repeated act with intention to hurt, insult or threaten another person in school, on school grounds, in school vehicles, or at school events. Bullying consists of an imbalance of power.

**Friendly Teasing:** One student comments to another student that he should turn his/her jersey inside out because his favorite team lost last night.

**Hurtful Teasing:** One girl comments to another girl that she looks chubby in the outfit she is wearing.

**Peer Conflicts:** Two students have a disagreement on the playground about which one will be the pitcher in kickball.

**Bullying:** One student repeatedly threatens another student that if he walks down a specific hallway he will get “beat up.” Another example is one student repeatedly calling another student a name regarding his sexual orientation.

Three questions guide CCSD school officials to determine when a behavior constitutes bullying.

1. Was the alleged bullying behaviors repeated and deliberate?
2. Did the alleged bullying behaviors inflict harm or suffering?
3. Is there an imbalance of real or perceived power between the alleged victim and alleged author of the behavior?
Assistance for Bullying

If you are being bullied, harassed, or intimidated:

- Tell someone you trust – a parent/guardian, a teacher, or a counselor.
- Try not to show anger or fear.
- Calmly tell the student to stop or say nothing and walk away.
- Try to avoid situations where bullying is likely to happen.

If you know someone who is being bullied, harassed, or intimidated:

- Tell someone you trust – a parent/guardian, a teacher, or a counselor.
- Don’t encourage the bully by laughing or joining in.
- If you feel safe, tell the bully to stop!
- Encourage the bullied student to talk to someone he/she trust about what happened.

If you are being bullied, know someone who is being bullied, or know of a person or group who is bullying others, please call the CCSD Bullying Prevention tip-line at 1-877-250-2790, 24 hours a day, 7 days a week or contact the Bullying Compliance Manager at your school. Complaints can be made through the CCSD Anti-bullying Information and Resources link on the district’s website.

CCSD BULLYING PREVENTION TIP-LINE: 1-877-250-2790

Cyberbullying

CCSD prohibits acts of cyberbullying. Cyberbullying is willful harassment, threat and/or intimidation of a person through the use of digital technologies, including but not limited to, email, blogs, texting, social media, chat rooms, sexting, instant messaging, or video voyeurism. Students will be subject to disciplinary action for a cyberbullying offense committed off-campus that can be directly related to a safety and security risk at the school.

Cyberbullying may include:

- sending offensive, rude, and insulting messages including all forms of ‘hate speech,’ which includes language meant to demean, incite, threaten, bully or isolate an individual on the basis of their sex, race, color, religion, sexual orientation or gender identity
- distributing information about another that is derogatory
- breaking into an email or social networking account and using that person’s online identity to send or post vicious or embarrassing material to/about others
- sharing someone’s secrets or embarrassing information, and/or tricking someone into revealing secrets or embarrassing information and forwarding it to others
- engaging in online activities which threaten another or cause him or her to be afraid for his or her safety
- impersonating, excluding, tricking, outing, and cyberstalking are also examples of cyberbullying

Engaging in these behaviors or any online activities intended to harm (physically or emotionally) another person will result in disciplinary action. In some cases, cyberbullying may be considered a crime.
Services Available for Students with Special Health Care Needs

Many health care services can be provided for students to keep them at school where they can learn and participate with other students. Our goal is to provide information to parents and legal guardians about some of the services and programs available for addressing the health care needs of students during the school day to help students succeed in school. It is important that the necessary health care information is shared with the appropriate people to ensure that the students’ needs are met throughout the school day.

Individual Health Care Plans or Individual Health Plans (IHPs)
Individual health care plans are also called individual health plans or IHPs. School nurses who are registered nurses write IHPs to guide how a student’s health care needs will be met while at school. The nurse works with the student, the student’s parents or legal guardians, the student’s health care provider, and other school staff to write the plan. IHPs are written for students who have special health care needs that must be met by school staff during the school day. IHPs are also written for students who have been approved by the school district to self-medicate or self-monitor. To learn more about IHPs, talk with your child’s school nurse or CCSD Office of Nursing Services at 843-745-2184.

Section 504 of the Rehabilitation Act of 1973 (Section 504)
Section 504 is a federal law that requires public schools to make adjustments so that students with certain disabilities can learn and participate in settings like other students who do not have disabilities. To be eligible for services under Section 504, a student must have a condition that substantially limits one or more major life activities. A team decides if a student is eligible. The team should include the student’s parent or legal guardian, the student (if able), and others who know the student or know about the student’s disability, such as a teacher, a guidance counselor, a school nurse, and other school staff. If the student is eligible, the team develops an individual accommodation plan. The individual accommodation plan explains how the student’s needs will be met while at school and may include health services for the student during the school day if needed. To learn more about Section 504, contact your child’s school or the CCSD 504 Coordinator at 843-937-6500.

Individuals with Disabilities Education Act (IDEA)
Students, ages 3 through 21 years, may receive services under the IDEA if the student needs special education and related services to benefit from his or her educational program. A team decides if a student qualifies for services under the IDEA. The team includes the student’s parent or legal guardian, teachers, and other school staff. The team develops an individualized education program (IEP) if the student meets federal and state requirements. The IEP outlines a plan for helping the student receive a free appropriate public education and meet goals set by the team. The IEP may include health services for the student during the school day if needed. Contact the Department of Exceptional Children Services at 843-937-6500 to learn more about IDEA.

Medical Homebound Instruction
South Carolina’s mandates regarding medical homebound instruction appear in the State Board of Education Regulation 43-241. Regulation 43-241 says that students who cannot attend public school because of illness, accident, or pregnancy, even with the aid of transportation, are eligible for medical homebound or hospitalized instruction. A physician must certify that the student is unable to attend school but may profit from instruction given in the home or hospital. This service is appropriate for short term intervention and should not be viewed as a long-term replacement for regular school attendance. Homebound instruction is designed so the student does not fall significantly behind during the period of confinement. The district’s attendance policy does apply to homebound students.

The district superintendent or his/her designee must approve any student participating in a program for medical homebound instruction or hospitalized instruction. A completed and signed Medical Homebound Instruction in the homebound program. A district representative may contact the parent to discuss strategies to maintain the student in the school environment and to request additional information.
Students receiving homebound instruction should return to school-based instruction as soon as possible. Homebound services may be approved for a period of time. If it is necessary for homebound instruction to continue beyond the approved period of time, a new Medical Homebound Instruction Form will be required. The school may ask for additional information regarding the student's treatment plan, progress towards treatment goals, and specific plans to transition the student back to the school setting in order to justify the need for extended services.

Health Services: Medication and Medical Procedures

No student shall carry medicine in school except for students given permission to do so by the Individualized Healthcare Plan (IHP) to guard against a life threatening condition. All medications must be brought to the school by a responsible adult and delivered to the school nurse, or in the absence of the nurse, to the school employee designated by the principal. The responsible adult delivering the medication may be required to count the medication with the nurse or school employee. Medication may not be transported to or from school by students. CCSD has established a policy (JLCD) identifying procedures for the safe administration of medications and/or medical procedures performed during school hours.

Medications
1. When possible, medications should be given by parents/guardians before or after school hours.
2. Any prescription medication to be given at school or school related activities must be accompanied by written orders from a health care practitioner who is recognized by SC's Dept of Labor, Licensing, and Regulation as authorized to prescribe medications and accompanied by a completed CCSD Medication/Procedure Doctor's Order form.
3. CCSD and its employees reserve the right to refuse to honor medication requests that are not consistent with professional standards and/or deemed unsafe for the school setting. If this occurs, alternatives for meeting the students’ needs will be discussed.
4. Requests from parent/guardians for administration of herbal/alternative medicinal products, “off-label”, or investigational medications will be evaluated on a case-by-case basis.

Procedures
1. Medical Procedures require receipt of the completed CCSD Medication/Procedure Doctor’s Orders form and necessary equipment for the procedure.
2. The school nurse, in consultation with the parents/guardians, physician and student, will develop an IHP for the medical procedure.

Parent/Guardian Responsibility
1. Deliver the completed CCSD Medication/Procedure Doctor’s Orders form along with medication in the original labeled prescription container and/or proper equipment for medical procedure to the school.
2. Inform the school of any changes in the student’s health condition, medical procedure, or medication.
3. Update CCSD forms annually or when there is any change in the medication or medical procedure.
4. Pick up any unused medication or medical supplies within one week of discontinuation or last day for students, whichever comes first, after which medications will be disposed.
5. Provide no more than a thirty (30) day supply of medication to the school.
6. Be responsible for medication/equipment until it is received by principal or his/her designee.

Self-Medicating and/or Self Monitoring
Certain students with special health care needs may self-administer and/or self-monitor provided that certain conditions are met. (See IHP on page 35)
For additional information regarding medications and medical procedures, please contact your child’s school nurse or Nursing Services at 843-745-2184.
Student Records (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days after the day the District receives a request for access.

   Parents or eligible students should submit to the school principal or District designee a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

   Parents or eligible students who wish to ask the District to amend a record should write the school principal or District designee and clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the District discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

   ONE EXCEPTION, which, under the law, permits disclosure without consent, is disclosure to school employees, to include school officials with legitimate educational interests. School officials are persons with a legitimate educational interest in the student such as: instructors; administrators; health staff; counselors; attorneys; clerical staff; trustees; members of committees and disciplinary boards; and contractors, or other parties to whom the school has outsourced institutional services or functions. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, SW
   Washington, DC 20202

FERPA permits the disclosure of PII from students’ education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student—

   • To other school officials whom the school has determined to have legitimate educational interests.
   • To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll,
   • Specified officials for audit or evaluation purposes,
   • In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid.
   • State and local authorities within a juvenile justice system, pursuant to other state law
   • To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction.

Board of Trustees Code of Conduct Policies

Policy JIC Student Conduct
The board expects students to conduct themselves in an orderly, courteous, dignified, and respectful manner. This requirement refers to their actions toward other students and all school district employees, their language, their dress and their manners. The board believes self-discipline is an interpersonal goal of public education.

Students have a responsibility to know and respect the policies, rules, and regulations, as defined in the CCSD Student Code of Conduct and the schools they attend.

Violations of such policies, rules, and regulations shall result in disciplinary actions. The Board directs the administration to establish a student code of conduct and schoolwide progressive discipline plan to create and preserve conditions essential to orderly operation of the schools. The board authorizes its school authorities to employ probation and suspension and to recommend expulsion, if necessary, to enforce this policy.

Policy JICDA Code of Conduct
The superintendent shall implement the board’s code of conduct and discipline to achieve and maintain order in the schools. In the CCSD Student Code of Conduct, the board and the administration offer a list of offenses along with the required or recommended dispositions for the information of students, parents/legal guardians and school personnel.

Disciplinary actions shall include appropriate hearings and review. The removal of a student from the learning environment shall occur only for just cause and in accordance with due process of law. The administration shall consider extenuating circumstances when taking disciplinary action.

The Student Code of Conduct is effective under the following circumstances:
- On school grounds during and immediately before or immediately after school hours
- On the school grounds at any other time when the school is being used by a school group
- Off the school grounds at a school activity, function or event
- En route to and from school on a school bus or other school vehicle
Code of South Carolina

Notice of Regulations: Upon admission to school, each student shall be given a copy of these rules and a form of acknowledgment to be signed by the parents/guardians and returned to school.

Legal Authority
The Board of Trustees of the Charleston County School District is required by the State Statute (see Sections 59-15-40, 59-19-90 et. seq. and 59-63-210 et. seq. Code of Laws of South Carolina, 1976, and Act No. 340 of the Acts of 1967) to make and adopt rules setting forth standards of scholastic achievement and standards of conduct and behavior that must be met by all students as a condition to the right of such students to attend schools in this District. The rules shall take into account the necessity of proper conduct on the part of all students and the necessity for scholastic progress in order that the welfare of the greatest number of students shall be promoted, even though such rules may result in the ineligibility of students who fail to observe the required standards and may require the suspension or permanent dismissal of such students.

Application of Code Jurisdiction
The Code of Conduct and its provisions are in effect during regularly scheduled school hours as well as at such other times and places, including, but not necessarily limited to: school-sponsored events, field trips and athletic functions where appropriate public school administrators have authority over students or the behavior has a direct effect on the order and general welfare of the school.

Provisions of this Code of Conduct regarding Vandalism and/or Destruction of School Property and Theft of School Property are applicable whether or not school is open or in session at the time the offense is committed.

School Resource Officers (SRO)
School Resource Officers (SRO) are provided by the Charleston County Sheriff’s Office, Charleston Police Department, Mount Pleasant Police Department, and North Charleston Police Department in many of our schools. SROs assist students, parents/guardians, teachers, and administrators as well as other staff with sustaining a safe school environment. SROs also serve as active law enforcement officials on campus and at school sponsored events to assist with emergencies or crises which require police action. School Resource Officers do not work for CCSD. School personnel do not have jurisdiction over law enforcement decisions or actions.

SC Code of Law Section 59-24-60
Contact Law Enforcement When Criminal Conduct Occurs
In addition to other provisions required by law or by regulation of the State Board of Education, school administrators must contact law enforcement authorities immediately upon notice that a person is engaging or has engaged in activities on school property or at a school sanctioned or sponsored activity which may result or results in injury or serious threat of injury to the person or to another person or his property as defined in local board policy.
Level of Offense Descriptions, Interventions, and Consequences

**Classroom Managed/Teacher Managed**

Behavior which adversely affects a student's educational progress. Classroom/Teacher Managed infractions should be handled by the classroom teacher and are not processed through a formal referral for disciplinary actions from administration. Suspension of Students – Policy JKD

The superintendent must provide due process of law to students, parents/legal guardians and school personnel through procedures defined in the student code of conduct for the suspension of students which comply with federal and state law.

Under state law, a principal or designated administrator may suspend a student for committing a crime, gross immorality, gross misbehavior, persistent disobedience, violating written rules and regulations or when the presence of the student is detrimental to the best interest of the school or disruptive to the educational process.

Suspension is the exclusion of a student from school and school activities for a period of time not to exceed five (5) school days for any one offense as determined by the principal or assistant principal. The suspension may be extended up to an additional five (5) days by the Associate Superintendent. State law prohibits students from being suspended for more than thirty (30) days in any one school year.

A student may not be suspended without the approval of the Associate Superintendent during standardized testing periods or during the last ten (10) days of school if the suspension will make the student ineligible to receive credit for the school year unless the presence of the student constitutes an actual threat to a class or a school.

Whenever a student who is classified as disabled commits a suspendable offense, the principal or his/her designee will confer with special education personnel before initiating suspension procedures.

Parent/Guardian Conference
If a conference cannot be arranged or a satisfactory way cannot be found to deal with the student’s infractions of school rules within three days, either the student or parent or guardian may appeal or the principal may request that the case be referred to the Executive Director.

Suspension Appeal Process
When a student is suspended from a class or a school, the administrator shall notify, in writing, the parents or legal guardian of the student, giving the reason for such suspension. A parent may appeal a suspension, by requesting a conference with the Principal if the student was suspended by the Assistant Principal. If the suspension was assigned by the Principal or the Principal upholds a suspension, then contact the Executive Director to appeal. The final appeal is made to the Associate Superintendent.
Intervention, Discipline, and Expulsion Referrals

A. Referral for Intervention: A referral for intervention to the Office of Alternative Programs may be completed by a principal for varying reasons.

EXAMPLES:
- Directed by the Progressive Discipline Plan (PDP) to seek outside intervention
- School level behavioral interventions have been exhausted and student is in need of additional support
- A student is in need of support outside of the school for a situational issue
- Student is in need of drug and/or alcohol counseling
- Truancy issues have not improved with school level interventions

INTERVENTION REFERRAL PROCESS:
- School official notifies (via phone, email, or in writing) the parent/guardian that an intervention referral is being initiated.
- Compiles necessary documentation and submits referral to Office of Alternative Programs
- Referral is reviewed by personnel in the Office of Alternative Programs and is accepted or returned for further documentation/intervention
- Staff assigned to develop an intervention plan
- Notify the school and the parent/guardian of the intervention plan
- Provide monthly feedback on student progress

B. Referral for Discipline: A referral for a disciplinary issue can be made to the Office of Alternative Programs by a principal.

EXAMPLES:
- Student transferring into CCSD from an alternative program in another school district
- Student entering into CCSD with a pending expulsion in another school district
- Directed by the Progressive Discipline Plan
- Multiple Level 2 offenses (Consistent Offender)
  - Evidence of Multi-tiered Systems of Supports (MTSS), to include an Individual Problem Solving (IPS) Plan

  - Infraction that occurred and school discipline
  - discipline referral is being submitted to the Office of Alternative Programs
- School compiles necessary documentation and submits disciplinary referral.
- Referral is reviewed by personnel in the Office of Alternative Programs and is accepted or returned for further documentation/intervention
- If accepted, a disciplinary review hearing will be scheduled. The parent will be notified of the date, time, and location.
- Disciplinary hearing is held with the parent, student, school official and the Hearing and Placement Coordinator. (If the hearing is not held within the dates of a suspension, the student can return to school on a probationary status. If there is cause to believe the student's presence in school would constitute a threat to the safety of others, the Executive Director can approve additional suspension days.)

Possible decisions:
- Enrollment in and successful completion of approved Drug and Alcohol Program (CCSD will not incur the cost)
- Recommendation for counseling services (CCSD will not incur the cost)
- Community Service approved by the Office of Alternative Programs

  - Infraction that occurred and school discipline
  - Expulsion referral is being submitted to the Office of Alternative Programs
- School compiles necessary documentation and submits an expulsion packet.
- The packet is reviewed to ensure all components are present.
- If complete, the packet will be given to the Constituent Board for an Expulsion Hearing to be scheduled.
- The parent will be notified by the constituent board secretary of the hearing date, time, and location. If the hearing is scheduled on short notice (less than four days), the administrative assistant will confirm the date and time with the parent and guardian via phone. (If the hearing is not held within 10 days of the notice, the student can return to school on a probationary status. If there is cause to believe the student's presence in school would constitute a threat to the safety of others, the Executive Director can approve additional suspension days.)
- The hearing is conducted by a Constituent Board in their designated area and must be heard in the presence of all parties: student, parent/guardian, school administration, and representative from the Office of Alternative Programs.
- The Constituent Board can make the following decisions:
  - District Probation
  - Additional suspension
  - Assignment to an Alternative Program
  - Movement to Adult Education Program

3. The student/parent has the right to a neutral decision maker.
4. The student/parent has the right to examine the evidence, present witnesses, and challenge the evidence against them.
5. The student has the right to appeal the decision made by the hearing and placement coordinator or constituent board within 10 days.
Expulsion of Students – Policy JKE (See pages 31–32 for Disciplinary Proceedings for Students with Disabilities)

**Purpose:** To provide for the expulsion of students.

All hearings shall be conducted in accordance with state law and the district's code of student conduct.

Expulsion is the removal of a student from a school for the remainder of the school year or until readmitted by the constituent or, on appeal, the county board for a specified period of time as designated by the Constituent or the County Board. The Constituent Boards, subject to appeal to the County Board, may authorize or order the expulsion, suspension or transfer of any student for the commission of any crime, gross immorality, gross misbehavior, persistent disobedience or for violation of written rules and promulgated regulations established by the County Board or the State Board of Education or when the presence of the student is detrimental to the best interest of the school.

A Constituent Board may delegate its authority to initially hear a student’s appeal to a hearing panel or a hearing officer. If the hearing is held by any authority other than the constituent board, either party has the right to appeal the decision to the constituent board. After the constituent board has rendered its written decision concerning the recommendation of expulsion, either party may appeal that decision to the county board. The decision of the county board may be appealed to the circuit court.

Note: Expulsion does not exclude students from enrollment in a CCSD Adult Education program with approval of the Constituent Board.

**Notification of Disciplinary Action**

The district administration shall provide written notice of the recommendation for expulsion to the student or parent/legal guardian and shall set forth the reasons for the recommendation. Once procedures for expulsion have been initiated, the administration shall notify the parents/legal guardians of the student in writing of the time and the place of a hearing either before the board or a person or committee designated by the board.

**Summer Program Discipline Code Violations**

In the event which the administrator recommends a summer program student for expulsion, the same procedure as for the regular school year shall be followed. The school hosting the summer program shall make the recommendation to the Office of Student Placement. In the case of a Constituent Board hearing, the host district would conduct the expulsion hearing. The decision of the host board, the record of the alleged violation(s), and the ultimate decision on the student shall be forwarded to the student's home Constituent Board which shall decide whether or not to admit the student to his/her regular school for the regular term, and if admitted, under what conditions.
Additional Expulsion/Appeal Information

Restrictions for Expelled Students
- Students expelled from any CCSD Constituent District shall be ineligible to attend school in any other CCSD Constituent District.
- Students expelled from school are prohibited from coming onto CCSD property (unless prearranged by school/district officials), attending school functions, or riding a school bus.
- Students who withdraw from CCSD once the expulsion process is initiated must appear before the Office of Alternative Programs for appropriate action before being re-admitted into CCSD.

Re-Admission Prerequisites (following completion of the expulsion period)
Every expelled student is required to petition the Constituent Board for readmission to school upon completion of the expulsion period unless permanently expelled. Any student expelled for a second time may be permanently expelled.

Appeals
The parent/guardian of the student, principal, or Executive Director may submit a written request for appeal of the Constituent Board's decision to the Charleston County Board of Trustees within ten days upon receipt of the disposition.

Any student, parent or guardian aggrieved by the order of the CCSD Board of Trustees has the statutory right to appeal to the Circuit Court within ten days of receipt of the decision.

If the student is reinstated by the Superintendent, Constituent Board, or County Board, he/she will be restored all privileges and allowed to make up all work while absent as a result of the procedures.

Note: A victim(s) will have the option to provide a written statement or appear in person to provide testimony.

Extraordinary Proceedings
When a majority of the Charleston County School Board shall agree that the action of a Constituent Board in readmitting a student to school or maintaining a student in school constitutes a reasonable chance of danger to persons or property, or that the student’s admittance or maintenance so clearly undermines the goals of quality education that the integrity of the system is jeopardized, the CCSD Board of Trustees may then on its own motion require the matter to be brought before it for hearing de novo without regard to any decision formerly reached by a Constituent Board. To overturn an action of a Constituent Board under this Extraordinary Proceeding de novo hearing, a vote of six members of the County Board shall be required.
Disciplinary Procedures for a Student with Disabilities

**Disciplinary Procedures for a Student with a 504 Plan** 34 CFR Sec.104

Section 504 disabled students are subject to the same disciplinary action as a non-disabled student, provided that the student's behavior is not a manifestation of his or her qualifying disability. A 504 Team must conduct a manifestation determination whenever a disabled student is subject to out-of-school suspension for 10 consecutive school days or more. A series of suspensions that total more than 10 days may also trigger the manifestation determination requirement of Section 504. If the 504 Team concludes that the violation is a manifestation of the student's qualifying disability, the discipline process must end and the 504 Team should review the 504 Plan to determine if changes are appropriate. If the violation is not a manifestation, the student is subject to the same disciplinary action that any non-disabled student would receive for the same violation.

**Students shall be referred for expulsion if the behavior was found not to be a manifestation of the disability.**

If you have questions or concerns regarding 504 plans, please contact 843-937-6500.

**Disciplinary Procedures for a Student with an Individual Education Plan (IEP)** 34 CFR Sec.300.530

**Suspension and/or Removal from Placement in Excess of Ten Days**

In the event that a student with a disability is removed from his/her current placement in excess of ten school days during the course of the school year, the District shall ensure that services are provided to allow the student to participate in the general curriculum and progress toward meeting the goals of his/her Individual Education Plan (IEP). Removal of a student with disabilities outside of the school personnel's authority, for more than ten consecutive days, and/or for long-term removals which constitute a Change of Placement will be addressed by the IEP Team.

If the behavior is a manifestation of the disability, the student may not be suspended or expelled, but the IEP team may consider placement options.
45 Day Removal
School administration may remove a student to an Interim Alternative Educational Setting (IAES) for up to 45 school days without regard to whether the behavior is determined to be a manifestation of the child’s disability, if the child:

• Carries a weapon to or possesses a weapon at school, on school premises, or at a school function
• Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function
• Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function

Students shall be referred to the Office of Student Placement (OSP) in addition to the 45 day removal for the above mentioned behaviors if the behavior was found not to be a manifestation of the disability.

Recommendation for Long-Term Removal
When a student with disabilities is recommended for long-term removal, the IEP Team (including the Special Education Coordinator) must convene a Manifestation Determination Review meeting within ten days of the action, at which time the Local Education Authority (LEA) Representative:

• Will review each statement on the Manifestation Determination Review form
• Will develop or review the implementation of the Functional Behavior Assessment (FBA) and Behavior Intervention Plan (BIP) if appropriate

If the IEP Team determines that the behavior IS related to the disability:

• The IEP team must determine appropriate placement and services to be provided.
• Develop or review the implementation of the Functional Behavior Assessment (FBA) and Behavior Intervention Plan (BIP).
• Document any IEP amendments according to the Department of Exceptional Children Services Procedures Manual (DECS Manual).

If the IEP Team determines that the behavior IS NOT a manifestation of the disability:

• The student may be subjected to regular disciplinary procedures and regular removals, as in the case of a similarly-situated, non-disabled student.
• If the student is subjected to long-term removal, services must be provided to ensure progress on the IEP as determined by the IEP team.

If you have questions or concerns regarding IEPs, please contact 843-937-6500.
Crisis Intervention

At times, students may indicate either verbally, in writing, or through drawings, a threat to harm themselves or others. In order to ensure the safety of all of our students, the district takes these threats very seriously. As a result, a team of trained professionals, such as Counselors and School Psychologists, may be called upon to conduct a thorough assessment of the student and the threat in order to determine if it is serious in nature and in order to develop a plan of action.

If a suicide or threat assessment is conducted with your student, you will be notified and you may be asked to provide additional information. If those conducting the assessment determine that your student is at a moderate to high risk of causing harm to self or others, you will be asked to take your student for further clinical assessment. In addition, you will be asked for documentation that the assessment had been conducted and that your student is safe to return to school, prior to be readmitted.

Restraint/Physical Force

Policy JKA: Corporal Punishment/Physical Force explains when the use of restraint/physical force is appropriate. The complete policy can be accessed at www.ccsdschools.com.

- To quell a disturbance which threatens physical injury to persons, including those students involved, or which threatens serious damage to property
- To obtain possession of weapons or other dangerous objects upon the person or within the control of a student
- For any person to defend him/herself from physical force
- To remove a student from a classroom, school trip or activity, school bus, school or other school property when the student’s continued presence poses a threat of danger to other persons or property
- To remove a student when the student fails or refuses to obey a directive made by a teacher/administrator indicating that the student is to cease offensive/disruptive behaviors

In accordance with the South Carolina State Department of Education Guidelines, if a restraint occurs, the school administration should do the following:

- Documentation must be kept in the student’s file
- Documentation must be sent home to the student’s parent by the end of the school day
- An administrator must contact the student’s parent by the preferred method of communication on the day of the incident
- If the administrator is unable to reach the parent, documentation of efforts to reach them must be kept

If a parent/guardian has a concern about an issue of physical force or restraint, they should contact the building Principal for a conference.
